Your lawn is less thirsty these days

As cooler temperatures roll in, it's time to focus less on watering. When temperatures drop, so does the need for irrigation. Here are some tips to help you conserve and keep your lawn healthy this fall.

- Adjust your sprinklers to water less frequently as the daylight hours and the sun's intensity decrease.
- Use a rake to clean up leaves on the grass and a broom for leaves on the patio, rather than a hose.
- Check your sprinkler system for leaks and broken sprinkler heads so it's ready to go in the spring.
- Now is a good time to aerate your lawn to improve water penetration.

Liberty's Be Water Wise art contest is back

Liberty is excited to announce the return of its annual art contest, which is open to all students in grades K-6. This year's theme challenges young artists to imagine how they can protect our planet by conserving water.

Whether it's turning off the faucet while brushing teeth, planting water-wise gardens, or using smart conservation tools, this is your kids' chance to show how small actions can make a big splash.

Winning artwork will be featured in Liberty's 2026 Be Water Wise Calendar, and all participants will receive fun stickers featuring Liberty's lovable mascot, Splashy the water droplet.

All entries must be submitted by Nov. 30, 2025. Visit www.libertyenergyandwater.com or scan the QR code for more information.

Financial Assistance

Low-income programs are here to help

Liberty's Customer Assistance Program (CAP) is designed to provide payment assistance to low-income customers. The program consists of two sub-programs: an Arrearage Management Program (AMP) and a Low-Income Bill Discount Program. AMP provides eligible, low-income, residential water customers with arrearage forgiveness up to \$1,200 per year as long as they are on this program. The Low-Income Bill Discount Program provides eligible customers with a credit equal to the monthly meter charge (not greater than the 1st monthly charge). Learn more by visiting www.libertyenergyandwater.com or scanning the QR code.
